

# MOBILE APPLICATION DEVELOPER INTERNSHIP

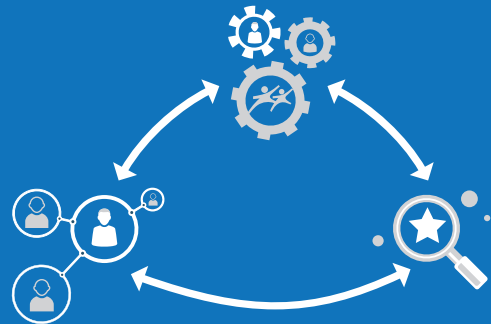

HELLO FROM FRIENDS-INTERNATIONAL

About to graduate or recently graduated? Up for a challenge? Interested in utilising your IT skills to build futures of marginalized children&youth? If you answered 'yeah' to any of the above then you may just be the person we need.

What about these? Think you'd fit?

- Dynamic and passionate about making a positive impact for marginalized children&youth
- You have previous experience in developing a mobile application
- You have good communication and presentation skills
- You are well organized and your English is excellent
- You are available for a 3 months period for this mission starting in December

We would like to develop a mobile application which will allow our teams to better capture data and use it for learning from the field. We would like someone to work closely with our Executive Director and the teams in making an easy to use app. After developing and testing the app you would be ensuring that the team understands all the functions and is able to use it. A stipend will be provided during this mission.

**GOT IT?** Then **SEND IT!** email your CV now [hr@friends-international.org](mailto:hr@friends-international.org) and let's talk more
