We are looking for our new
**FUNDRAISING / GRANTS
OFFICER**

Are you feeling stuck in a routine? Up for a challenge? Want to support our field-based teams in building funding partnerships so we can support more children, youth and their families?

If you answered 'yes' then you may just be the person we need.

Have a look and see if this describes you!

- You enjoy working directly with donors (organizations or individuals) and fostering relationships with them
- You're excellent in communicating and coordinating with people from various backgrounds
- You're skilled in writing donor proposals and tailoring them to fit donors' needs (institutional, trusts, major donors &/or corporate)
- You have a strong track record in identifying prospects and converting them into donors
- You're dynamic team player and passionate about child protection and building futures of marginalized children, youth and their families
- You have superb English language writing skills (French-speakers also desirable)

This is an exciting opportunity for a growing fundraiser looking to be based close to the teams and activities in the field. Ideally, you'll be living in Phnom Penh, with a possibility to later be based either in Bangkok, Jakarta, Vientiane or Yangon. You will be the link between the local programs and our existing or new donors – fostering the relationship and ensuring our teams continue to save lives and build futures! You'll be fundraising for Friends' programs and campaigns in SE Asia which cover a great variety of carefully integrated projects including child protection, harm reduction, alternative care, employment and self-employment, NGO networks, vocational training business and more.

Sounds good? YES! Please email your CV and your Cover Letter now to hr@friends-international.org and let's talk more.

All applicants will undergo an extensive background check in compliance with our Child/Beneficiary Protection Policy and PSEA Policy

Friends team
