## Hello from Friends-International We are looking for a **PROJECT COORDINATOR**

Are you interested in accelerating the development of a social enterprise? Do you have a creative mind and strong entrepreneurship skills?

If you answered 'yes' to any of the above, then you may just be the person we need.

Does this describe you?

- You are a dynamic leader that is passionate about creating a safe environment for children
- You have an entrepreneurial spirit and ideally a first-hand experience in developing a project
- You are creative and excited about bringing innovative products and services
- You are a proactive individual who enjoys working with multiple teams across different cultures
- You have excellent time management, coordination, communication and organizational skills
- You are fluent in English (any other Asian language would be an advantage)

We drive the ChildSafe Movement, a global initiative that enables everyone to play an active part in protecting children from risks and abuses. ChildSafe Movement works with companies, the tourism industry, travellers and volunteers, NGOs, community-based tourism enterprises and associations, academia, governments and the general public to protect children wherever they are. ChildSafe engages with key actors through an innovation system that equips partners to act for the protection and welfare of children.

As a ChildSafe Project Coordinator you will initially focus on the relaunch of our key products which are the ChildSafe Experiences, aiming at offering local experiences that are both entertaining and educational while delivering social impact. This is a full-time position based in Phnom Penh HQ and our F3, public creative space. You will be re-building a whole new unit (operations, marketing, comms, sales), developing new products and activities in line with Friends ethos. You will identify opportunities with existing and new ChildSafe partners in the travel industry, academia and corporates, managing internal resources and leading team expansion, including the replication of the model. All this together with more than 300 #EverdayHeroes in Cambodia, Thailand, Laos, Indonesia and Myanmar!

Sounds good? Great! Please email your CV now [hr@friends-international.org](mailto:hr@friends-international.org) and let's talk more. All applicants will undergo an extensive background check in compliance with our Child/Beneficiary Protection Policy and PSEA Policy.

*Friends team*
