Creating your SimplyGiving fundraising page for #RunWithFriends 2022
You're just **5 minutes** away from creating your own SimplyGiving page! Follow these simple steps to get started!

**STEP 1:** *Create your profile*

First, go to:

[https://www.simplygiving.com/event/runwithfriends2022](https://www.simplygiving.com/event/runwithfriends2022)

and click the red button that says "Start Fundraising"
Fill in your relevant information on the Join Us page and then click the blue button at the bottom that says "Sign Up"
Next step is to personalise your page! If you are wanting to start a team see page 5. Otherwise, click "Solo - Individual"

Fill out your details, page name, story and target! Then click "Next"

Note: You can come back and change these details at a later date!
Make sure to add a profile picture to personalise your page and put a face to your fundraiser.

You can also upload a gallery of photos if you want to!

When you are happy select "Finish"
CONGRATULATIONS!

You are now complete. If you’d like to join or create a team follow the next few pages. If not, you are ready to fundraise so skip ahead to page 9 for some top tips!
If you want to run with a group of friends you can create a team on SimplyGiving. Choose "Team - Team of Individuals" on the page type.

**Creating a Team**

![Personalise your Page](image)

Fill out the details of your team and page name - you can even customise your URL to make it easy and fun to remember!
You can create a team story sharing why #RunWithFriends is important to you.

At the bottom of the page, you can invite the people you want in your team. They will be sent a link to set up their profile and become a team member.

Note: You can come back to this and invite more people throughout the campaign!
Your friends and future team mates will receive an email like this with a link to join your team.

They can then follow pages 2-4 of this guide to set up their own page.
THANK YOU
and GOOD LUCK!
